Llyn Gwynant Barns floor plan showing

Table Plan A:

Tables banquet style for up to 28 people

This is a table plan for an intimate wedding of up to 28 people, seated banquetting style in front of the bar in the lean-to area of Big barn. 6 of our rustic wooden tables are pushed together to form one large banquet style table. 3 or 4 people can be seated on each table side and 1 at each table end.

This plan has the advantage that the tables (which are heavy) do not need to be moved: the ceremony can take place on the other side of Big barn in front of the stage, and once the chairs are moved from here this becomes the dance floor.
